Licensees are required to notify the County of any changes in address, the cessation of business, or any other changes which render the information supplied to the county in the license application inaccurate.

§ 3 - Occupational License Fee Payment Required

- (1) Except as provided in subsections (2) and (4) of this section, every person or business entity engaged in any business for profit and any person or business entity that is required to make a filing with the Internal Revenue Service or the Kentucky Revenue Cabinet shall be required to file and pay to the county an occupational license fee for the privilege of engaging in such activities within the county. The occupational license fee shall be measured by 0.35% of:
 - (a) all wages and compensation paid or payable in the County for work done or services performed or rendered in the county by every resident and nonresident who is an employee;
 - (b) the net profit from business conducted in the County by a resident or nonresident business entity.
- (2) The occupational license fee imposed in this section shall not apply to persons or business entities exempted from occupational license fees by state law.
- (3) The Fiscal Court may, by order, set an exemption of up to ten thousand dollars (\$10,000) from the net profits fee for each business and occupational license fee for each employee. Such exemptions shall be effective at the start of the next calendar year following the order, and must be adopted no later than ninety (90) days prior to the start of the calendar year. Exemptions established by order shall remain in effect until modified by a subsequent order. The exemption shall be calculated pro rata for entities reporting net profits on a taxable year other than the calendar year.
- (4) In order to provide uniformity to the citizens and taxpayers of Daviess County, the Fiscal Court adopts by reference as if incorporated here in full, the exemptions set out in City Ordinance 5-2005 as same exists as of the effective date of this ordinance.

§ 4 - Apportionment

- (1) Except as provided in subsection (4) of this section, net profit shall be apportioned as follows:
 - (a) For business entities with both payroll and sales revenue in more than one (1) tax district, by multiplying the net profit by a fraction, the numerator of which is the payroll factor, described in subsection (2) of this section, plus the sales factor, described in subsection (3) of this section, and the denominator of which is two (2); and

- (b) For business entities with sales revenue in more than one (1) tax district, by multiplying the net profit by the sales factor as set forth in subsection (3) of this section.
- (2) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in the county during the tax period by the business entity for compensation, and the denominator of which is the total compensation paid or payable by the business entity everywhere during the tax period. Compensation is paid or payable in the county based on the time the individual's service is performed within the county.
 - (3) The sales factor is a fraction, the numerator of which is the total sales revenue of the business entity in the county during the tax period, and the denominator of which is the total sales revenue of the business entity everywhere during the tax period.
 - (a) The sale, lease, or rental of tangible personal property is in the county if:
 - 1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within the county regardless of the f.o.b. point or other conditions of the sale; or
 - 2. The property is shipped from an office, store, warehouse, factory, or other place of storage in the county and the purchaser is the United States government.
 - (b) Sales revenues, other than revenues from the sale, lease or rental of tangible personal property or the lease or rental of real property, are apportioned to the county based upon a fraction, the numerator of which is the time spent in performing such income-producing activity within the county and the denominator of which is the total time spent performing that income- producing activity.
 - (c) Sales revenue from the lease or rental of real property is allocated to the tax district where the property is located.
 - (4) If the apportionment provisions of this section do not fairly represent the extent of the business entity's activity in the county, the business entity may petition the county or the county may require, in respect to all or any part of the business entity's business activity, if reasonable:
 - (a) Separate accounting;
 - (b) The exclusion of any one (1) or more of the factors;

- (c) The inclusion of one (1) or more additional factors which will fairly represent the business entity's business activity in the county; or
 - (d) The employment of any other method to effectuate an equitable allocation and apportionment of net profit.
- (5) When compensation is paid or payable for work done or services performed or rendered by an employee, both within and without the county, the license fee shall be measured by that part of the compensation paid or payable as a result of work done or service performed or rendered within the county. The license fee shall be computed by obtaining the percentage which the compensation for work performed or services rendered within the county bears to the total wages and compensation paid or payable. In order for the county to verify the accuracy of a taxpayer's reported percentages under this subsection, the taxpayer shall maintain adequate records.
- (6) All partnerships, S corporations, and all other entities where income is "passed through" to the owners are subject to this ordinance. The occupational license fee imposed in this ordinance is assessed against income before it is "passed through" these entities to the owners.
- (7) If any business entity dissolves, ceases to operate, or withdraws from the county during any taxable year, or if any business entity in any manner surrenders or loses its charter during any taxable year, the dissolution, cessation of business, withdrawal, or loss or surrender of charter shall not defeat the filing of returns and the assessment and collection of any occupational license fee for the period of that taxable year during which the business entity had business activity in the county
- (8) If a business entity makes, or is required to make, a federal income tax return, the occupational license fee shall be computed for the purposes of this ordinance on the basis of the same calendar or fiscal year required by the federal government, and shall employ the same methods of accounting required for federal income tax purposes.

§ 5 - Employers to Withhold

- (1) Every employer making payment of compensation to an employee shall deduct and withhold from the compensation an occupational license fee calculated under Section (3) of this ordinance.
- (2) Every employer required to deduct and withhold tax under this section shall make a return and report to the county, and pay to the county, the tax required to be withheld under this section.

- (a) The return and payment to be made on account of deductions by employees from salaries, wages and other compensation of employees shall be made on a monthly or quarterly basis. Employers withholding three hundred dollars (\$300.00) or more license fee per quarter must file on a monthly basis upon notification from the Finance Director or his designee. Withholding less than three hundred dollars (\$300.00) license fee per quarter shall require the employer to file on a quarterly basis. Employers filing status may not be changed unless permission is granted by the Finance Director.
 - (b) Returns required to be filed monthly shall be due on or before the 15th day of the month next following each monthly period, except the return for the last month of the calendar year, which shall be due on January 31.
 - (c) Returns required to be filed quarterly shall be due on or before the last day of the month following each quarterly period.
- (3) Every employer who fails to withhold or pay to the county any sums required by this ordinance to be withheld and paid shall be personally and individually liable to the county for any sum or sums withheld or required to be withheld in accordance with the provisions of this section.
 - (4) If the due date of a return falls on a Saturday, Sunday, or legal holiday, the return due date shall be the next succeeding day which is not a Saturday, Sunday, or legal holiday. If the envelope bearing a return is postmarked within forty-eight (48) hours of midnight on the due date, interest and penalties shall not be assessed. Returns submitted other than by mail must be received on or before the return due date.
 - (5) The county shall have a lien upon all the property of any employer who fails to withhold or pay over to the county sums required to be withheld under this section. If the employer withholds, but fails to pay the amounts withheld to the county, the lien shall commence as of the date the amounts withheld were required to be paid to the county. If the employer fails to withhold, the lien shall commence at the time the liability of the employer is assessed by the county.
 - (6) Every employer required to deduct and withhold tax under this section shall annually complete and file on a form furnished or approved by the Finance Director a reconciliation of the occupational license tax withheld where compensation is paid or payable to employees. Either copies of federal forms W-2 and W-3, transmittal of wage and tax statements, or a detailed employee listing with the required equivalent information, as determined by the Finance Director, shall be submitted.

- (7) Every employer shall furnish each employee a statement on or before January 31 of each year showing the amount of compensation and occupational license tax deducted by the employer from the compensation paid to the employee for payment to the county during the preceding calendar year.
- (8) An employer shall be liable for the payment of the tax required to be deducted and withheld under this section.
- (9) The president, vice president, secretary, treasurer or any other person holding an equivalent corporate office of any business entity subject to this section shall be personally and individually liable, both jointly and severally, for any tax required to be withheld from compensation paid or payable to one or more employees of the business entity, and neither the corporate dissolution or withdrawal of the business entity from the county, nor the cessation of holding any corporate office, shall discharge that liability; provided that the personal and individual liability shall apply to each and every person holding the corporate office at the time the tax becomes or became obligated. No person shall be personally and individually liable under this subsection unless such person had authority to collect, truthfully account for, or pay over the tax imposed by this ordinance at the time that the taxes imposed by this ordinance become or became due.
- (10) Notwithstanding subsections (7) and (8) of this section, every employee receiving compensation in the county subject to the tax imposed under Section (3) of this ordinance shall be personally liable for any amount due. In all cases where the employer does not withhold the tax levied under this ordinance from the employee, such employee or employees shall be responsible for filing with the county each quarter in the same manner as if they were the employer.

§ 6 - Returns Required

- (1) All business entity returns for the preceding taxable year shall be made by a date specified by the Finance Director. Blank forms for returns shall be supplied by the county.
- (2) Every business entity shall submit a copy of its federal income tax return and all supporting statements and schedules at the time of filing its occupational license tax return with the county. Whenever, in the opinion of the county, it is necessary to examine the federal income tax return of any business entity in order to audit the return, the county may compel the business entity to produce for inspection a copy of any statements and schedules in support thereof that have not been previously filed. The county may also require copies of reports of adjustments made by the federal government.

- (3) Every business entity subject to an occupational license tax governed by the provisions of this ordinance shall keep records, render under oath statements, make returns, and comply with rules as the county from time to time may prescribe. Whenever the county deems it necessary, the county may require a business entity, by notice served to the business entity, to make a return, render statements under oath, or keep records, as the county deems sufficient to determine the tax liability the business entity.
- (4) The county may require, for the purpose of ascertaining the correctness of any return or for the purposes of making an estimate of the taxable income of any business entity, the attendance of a representative of the business entity or of any other person having knowledge in the premises.
- (5) The full amount of the unpaid tax payable by any business entity, as appears from the face of the return, shall be paid to the county at the time prescribed for filing the occupational license tax return, determined without regard to any extension of time for filing the return.

§ 7 - Extensions

- (1) The county may grant any business entity an extension of not more than six (6) months, unless a longer extension has been granted by the Internal Revenue Service or is agreed to by the county and the business entity, for filing its return, if the business entity, on or before the date prescribed for payment of the occupational license tax, requests the extension and pays the amount properly estimated as its tax.
- (2) If the time for filing a return is extended, the business shall pay, as part of the tax, an amount equal to twelve percent (12%) per annum simple interest on the tax shown due on the return, but not been previously paid, from the time the tax was due until the return is actually filed and the tax paid to the county. A fraction of a month is counted as an entire month.

§ 8 - Refunds

- (1) Where there has been an overpayment of tax under Section (5) of this ordinance, a refund or credit shall be made to the employer to the extent of overpayment only if a written application for refund or credit is received by the county from the employer within two (2) years from the date the overpayment was made.
- (2) An employee who has compensation attributable to activities performed outside the county, based on time spent outside the county, whose employer has withheld and remitted to this county, the occupational license tax on the compensation attributable to activities performed outside the county, may file for a refund within two (2) years of the

date prescribed by law for the filing of a return. The employee shall provide a schedule and computation sufficient to verify the refund claim and the county may confirm with the employer the percentage of time spent outside the county and the amount of compensation attributable to activities performed outside the county prior to approval of the refund.

§ 9 - Federal Audit Provisions

- (1) As soon as practicable after each return is received, the county may examine and audit the return. If the amount of tax computed by the county is greater than the amount returned by the business entity, the additional tax shall be assessed and a notice of assessment mailed to the business entity by the county within five (5) years from the date the return was filed, except as otherwise provided in this subsection.
 - (a) In the case of a failure to file a return or of a fraudulent return the additional tax may be assessed at any time.
 - (b) In the case of a return where a business entity understates net profit, or omits an amount properly includable in net profits, or both, which understatement or omission, or both, is in excess of twenty-five percent (25%) of the amount of net profit stated in the return, the additional tax may be assessed at any time within six (6) years after the return was filed.
 - (c) In the case of an assessment of additional tax relating directly to adjustments resulting from a final determination of a federal audit, the additional tax may be assessed before the expiration of the times provided in this subsection, or six (6) months from the date the county receives the final determination of the federal audit from the business entity, whichever is later.

The times provided in this subsection may be extended by agreement between the business entity and the county. For the purposes of this subsection, a return filed before the last day prescribed by law for filing the return shall be considered as filed on the last day. Any extension granted for filing the return shall also be considered as extending the last day prescribed by law for filing the return.

- (2) Every business entity shall submit a copy of the final determination of the federal audit within thirty (30) days of the conclusion of the federal audit.
- (3) The county may initiate a civil action for the collection of any additional tax within the times prescribed in subsection (1) of this section.

§ 10 - Administrative Provisions

- (1) No suit shall be maintained in any court to restrain or delay the collection or payment of the tax levied by this ordinance.
- (2) Any tax collected pursuant to the provisions of this ordinance may be refunded or credited within two (2) years of the date prescribed by law for the filing of a return or the date the money was paid to the county, whichever is the later, except that:
 - (a) In any case where the assessment period contained in Section (9) of this ordinance has been extended by an agreement between the business entity and the county, the limitation contained in this subsection shall be extended accordingly.
 - (b) If the claim for refund or credit relates directly to adjustments resulting from a federal audit, the business entity shall file a claim for refund or credit within the time provided for in this subsection or six (6) months from the conclusion of the federal audit, whichever is later.

For the purposes of this subsection and subsection (1) of this section, a return filed before the last day prescribed by law for filing the return shall be considered as filed on the last day.

- (3) The authority to refund or credit overpayments of taxes collected pursuant to this ordinance is vested exclusively in the county.

§ 11 - Information to Remain Confidential

- (1) No present or former employee of any tax district shall intentionally and without authorization inspect or divulge any information acquired by him or her of the affairs of any person, or information regarding the tax schedules, returns, or reports required to be filed with the tax district or other proper officer, or any information produced by a hearing or investigation, insofar as the information may have to do with the affairs of the person's business. This prohibition does not extend to information required in prosecutions for making false reports or returns for taxation, or any other infraction of the tax laws, or in any way made a matter of public record, nor does it preclude furnishing any taxpayer or the taxpayer's properly authorized agent with information respecting his or her own return. Further, this prohibition does not preclude any employee of the tax district from testifying in any court, or from introducing as evidence returns or reports filed with the tax district, in an action for violation of a tax district tax law or in any action challenging a tax district tax laws.

- (2) The county reserves the right to disclose to the Commissioner of Revenue of the Commonwealth of Kentucky or his or her duly authorized agent all such information and rights to inspect any of the books and records of the county if the Commissioner of Revenue of the Commonwealth of Kentucky grants to the county the reciprocal right to obtain information from the files and records of the Kentucky Department of Revenue and maintains the privileged character of the information so furnished. Provided, further, that the county may publish statistics based on such information in such a manner as not to reveal data respecting net profits or compensation of any person or business entity.
- (3) In addition, the county is empowered to execute similar reciprocity agreements as described in subsection (2) of this section with any other taxing entity, should there be a need for exchange of information in order to effect diligent enforcement of this ordinance.

A fraction of a month is counted as an entire month.

- (4) Every tax imposed by this ordinance, and all increases, interest, and penalties thereon, shall become, from the time the tax is due and payable, a personal debt of the taxpayer to the county.
- (5) The county may enforce the collection of the occupational tax due under section (3) of this ordinance and any fees, penalties, and interest as provided in subsections (1), (2), (3), and (4) of this section by civil action in a court of appropriate jurisdiction. - (8) A return for the purpose of this section shall mean and include any return, declaration, or form prescribed by the county and required to be filed with the county by the provisions of this ordinance, or by the rules of the county or by written request for information to the business entity by the county.
