The Daviess County Public Health District (DCPHD) is a special taxing district charged with providing public health. The DCPHD has not increased their tax rate in a number of years, but now deems it necessary to impose a ½ cent tax increase, making the new rate 4.0 cents. The **First Reading of KOC A.93 (2017); 10-2017** - An Ordinance Relating to the Adoption of the 2017 Daviess County Tax Rates was read into record.

**Comments:**

Judge Mattingly noted that although the county did not raise taxes, there may be a slight increase in revenues due to reassessed and increased property values in a quarter of the county.

Commissioner Wathen stated, "I am proud of the fact that we are not changing rates. This is due largely to the diligent efforts by county employees to keep spending low while maintaining the highest levels of service to the people of Daviess County. I feel that by running the county much like a business, we are able to accomplish this balance."

**Comments:**

Dr. Thomas Sabetta, Jr. spoke as a local citizen and on behalf of "saveourartheritage.org". He discouraged the court from considering the removal of the Confederate Soldier from the courthouse lawn. He asked, "What is the insurance policy if our Confederate Soldier statue were to be defaced or even clandestinely removed as recently happened in another town? This question is somewhat rhetorical as I am certain there is some type of insurance. Three reasons

why it should not be removed: it's against our first amendment rights, it violates the freedom of assembly, and it is arts censorship. I suggest the court install a Union Soldier on the lawn to more accurately represent the history of the civil war."

Judge Mattingly appreciates Dr. Sabetta's comments.

Mayor Greg Beyke requested financial assistance to replace a bridge in the Whitesville City Park. The original old bridge became severely dilapidated and was removed. The residents of Whitesville have repeatedly urged the commission to replace the bridge. Mayor Beyke said a grant application was approved for \$16,000+. This grant is a 50/50 match and again, requests the court's financial aid to help replace the bridge.

Judge Mattingly asked, "Have you considered a public fundraiser?"

Mayor Beyke said he is in the process of personally hosting one in October.

Judge Mattingly would like to discuss this project with the Mayor for additional information.

Judge Mattingly recognized the following September Employee Anniversaries:

- Assistant Parks Director Kandace Sturgeon – 10 years
- Solid Waste Truck Driver Ricky White – 10 years
- Daviess County Fiscal Court Clerk Jenni Warren – 20 years
